# Eastern Dragon

 |  | 

This fan-fiction article, **Eastern Dragon**, was written by [Witcher190](#) and [Adalwulf of Aedirn](#). Please do not edit this fiction without the writers' permission.

An **Eastern Dragon**, or **Draconis Orientalis Nobilis** is a subspecies of **Golden Dragon** characterised by the possession of unique mutations, which caused it not only to make some physical changes, such as losing its wings, but to be able to channel even more magic than a standard Chromatic Dragon.

Just crazy tavern stories in the North and a quasi-myth among Nilfgaardian scholars even after the 1284 expedition done by [Fabio Sachs](#). The **Eastern Dragons** are a palpable reality in the **Far East**. Especially, in territories such as **Feiwo**, the **Okami Islands** and the Eastern Continent, where they are the dominant dragon types, with the exception of Zerrikania, where their ancestor is more important, except in border territories.

## Eastern Dragon

### Taxonomy

**Classification** Heteromorphic race Dragon

**Species** Dragon

**Subspecies** Okame Dragon

### Physiology

**Height** Larger than a Golden Dragon

**Length** Larger than that of a Golden Dragon

**Wingspan** None, use magic to fly

### Ecology

**Lifespan** Same as a Chromatic Dragon, but less than a Golden

Very difficult enemies, the only witcher to defeat one was [Gilgasmesh](#), which confronted Watatsumi and who in honour of the fallen creature, founded the so-called [School of the Dragon](#).

Dragon	
<b>Intelligence</b>	Human level
<b>Range</b>	Far East - Eastern Continent
<b>Habitat</b>	Unknown, maybe mobile
<b>Diet</b>	Omnivorous

## Behaviour

Their behaviour is varied. They are usually benign creatures that hide among other races and help them.

Unlike [Golden Dragons](#), They are not great adventurers, unlike the [Bronze Dragons](#), nor are they great warriors, nor are they great scholars, like the [Silver Dragons](#). Let's say, they are somewhere in between these three. Who enjoy above all, helping and guiding those in need, and from time to time, taking the law into their own hands. This has led to their deification in places such as [Buyan](#), and in the [Okami Islands](#) (albeit clandestinely) for example.
